

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

## REPORT

State of South Carolina,  
Office of Secretary of State.

Columbia, S. C., December 31, 1920.

To the Honorable the Senate and House of Representatives of the  
State of South Carolina:

Gentlemen: In compliance with law I have the honor to transmit herewith my Annual Report, covering all the transactions of this Department for the fiscal year beginning January 1, 1920, and ending December 31, 1920, the same being in two parts for convenience, and is respectfully submitted for your consideration.

The statutory fees collected, reported to the Comptroller General monthly in itemized form and turned over to the State Treasurer, whose receipts I now have in my possession, are as follows:

Filing 1,141 Declarations at \$2.50 each.....	\$ 2,852.50
Issuing 78 Eleemosynary Charters, at \$3.00 each.....	234.00
Issuing 768 N. P. Commissions, at \$2.00 each.....	1,536.00
Filing Foreign Corporation papers.....	2,472.50
Charter Fees collected .....	65,747.55
Miscellaneous fees .....	5,779.01
<hr/>	
Total .....	\$78,621.56
Total amount received as shown by ledger.....	79,246.06
On hand January 1, 1920.....	468.75
<hr/>	
Total liabilities .....	\$79,714.81
Paid State Treasurer .....	78,621.56
Excess fees refunded .....	761.50
Due incomplete corporations .....	331.75
<hr/>	
Total .....	\$79,714.81

In transmitting this report I would respectfully call your attention to the largely increased fees collected during the fiscal year just ended, which exceed those of last year in the amount of \$41,208.80, more than twice the amount collected last year, which exceeded pre-

vious years. This tremendous increase was brought about largely by the increase of Capital stock by many of the larger institutions who distributed their surplus in the form of increased stock instead of cash dividends, and you may confidently expect a decrease of revenue through this Department for the coming year.

Respectfully submitted,

W. BANKS DOVE,  
Secretary of State.

## GREENVILLE AND NORTHERN RAILWAY COMPANY.

*By the Secretary of State.*

Whereas, Benjamin A. Hagood, M. Rutledge Rivers and Arthur R. Young, all of Charleston, S. C., did, on the first day of December, 1919, file in the office of the Secretary of State, a written declaration and petition, under and pursuant to Article III, Chapter XLVII, Code of Laws of South Carolina, 1912, and amendments thereto, setting forth:
